\*\*\* Understanding the Warning

The consumer warning clearly states, "Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness." Customers need to be aware of the risks involved in consuming raw or undercooked foods. All animal products contain some level of bacteria. Whether that bacteria is the type to cause illness or not could mean the difference between a safe meal and a dangerous one. Whenever anyone can develop a foodborne illness, those who are having medical certain conditions, very young or very old, pregnant or have compromised immune systems due to illness are at a higher risk of getting sick.
