Doing Business With Us

Wittenberg Elderon

**BILLS CAN BE PAID IN PERSON AT THE
WITTENBERG BUSINESS OFFICE**

104 W. Walker St.
Wittenberg, WI 54499

Office hours:
8:00 a.m. to 5:00 p.m.
Monday thru Friday
24 Hour Depository Box Located at
the Wittenberg Business Office

AUTHORIZED PAYMENT AGENCIES

Elderon Community First Bank In Elderon

PAYMENT BY MAIL:

Please make check payable to Cirrinity and mail in the return envelope received with your telephone bill. Be sure to enclose the "Remittance Copy" with your remittance.

TO CALL AN EXTENSION ON YOUR LINE

Please dial your own telephone number, when you hear a recording, hang up the telephone. The telephone will ring and when answered at another telephone extension, the ringing will stop. At this point, answer your phone and begin conversation. The first person to answer the call will hear a recording, this will mean that person has answered the call on their own line.

USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES

Residence Telephones are installed with the understanding that they will be used for normal, social or domestic purposes. A Residence Telephone will be changed to business service if used primarily or substantially for business purposes, or if the residence telephone number is advertised in connection with the sale of products or services, and the subscriber has no business service elsewhere within our system.

DISCONNECTION NOTICE

Written notices are mailed at least five calendar days before we disconnect service. At that time, we will also notify the County Department of Health and Social Services for residence customers who have requested this in writing. We will not send a notice to the Department unless we receive a request from the customer or a responsible party.

ERRORS IN THE DIRECTORY

No liability shall attach to or be assumed by the Company for any errors or omissions in the compiling, printing or distribution of its directories. In order that the directory records may contain correct listings at all times, please check your listing in the directory. If it is incorrect in any way, please call the business office so that it can be corrected in the next issue.

OFFICE HOURS IN WITTENBERG

Veterans Administration representative is at the Wittenberg Community Center every third Thursday of each month from 10 a.m. to 2 p.m. Call ahead for appointment. 715-526-9183

W.I.C. representative is at the Wittenberg Community Center every third Monday and Tuesday.

TELEPHONE COURTESY

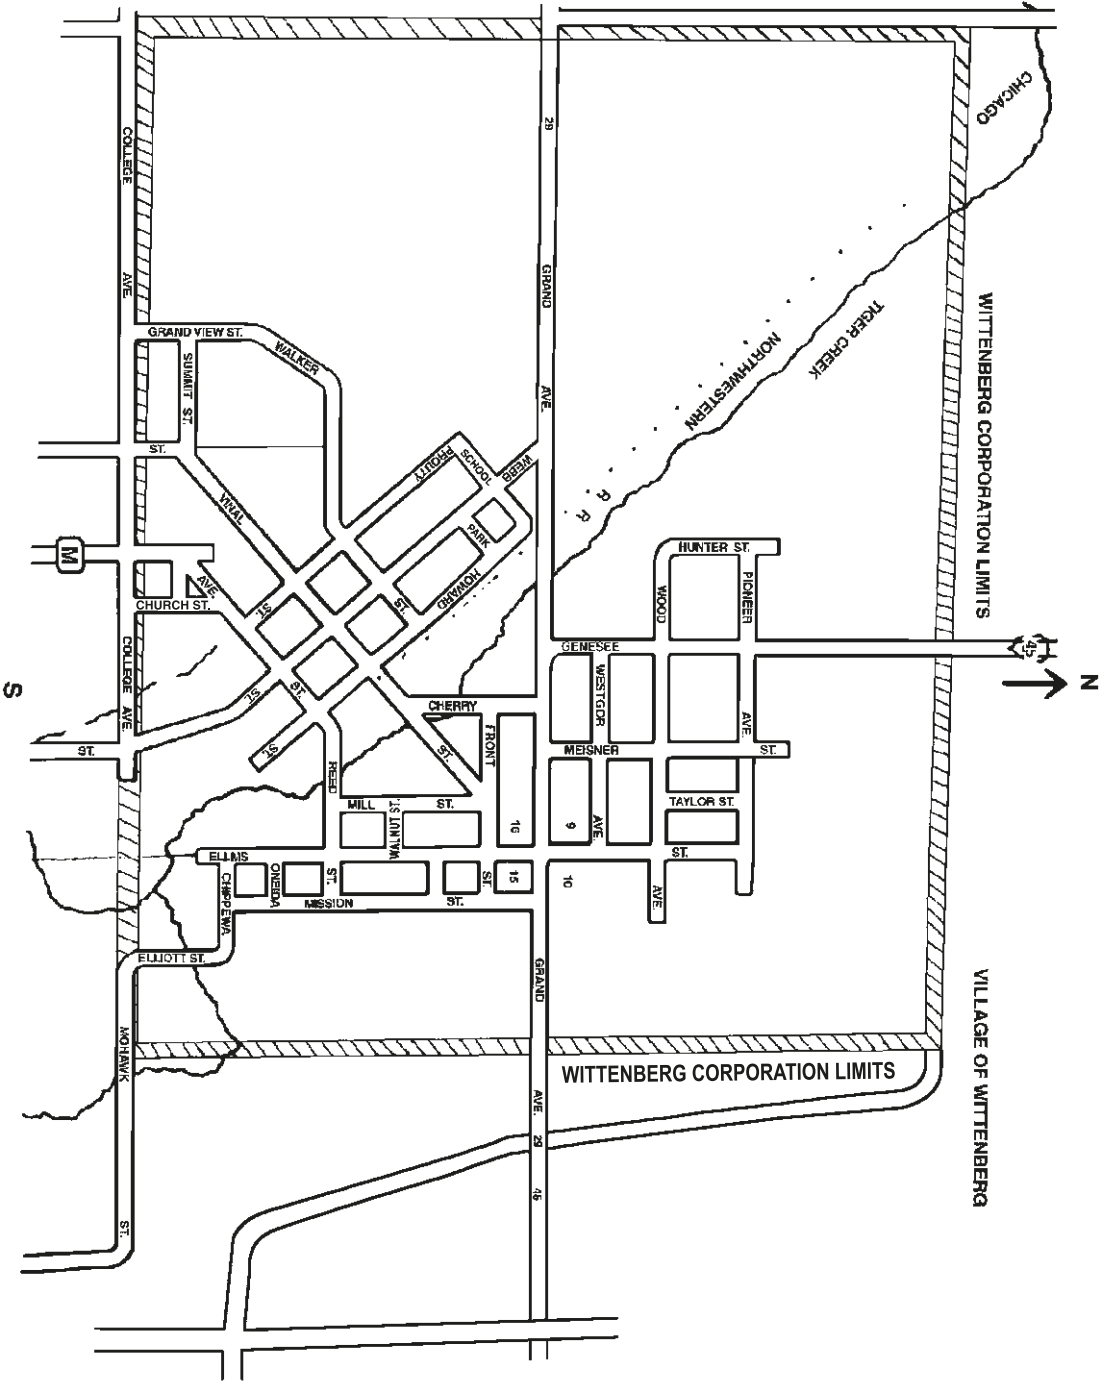

IT IS DANGEROUS TO USE YOUR PHONE DURING ELECTRICAL STORMS. Only urgent calls should be attempted. The company will not be liable for any risk you might take in using your telephone.

DO NOT ALLOW SMALL CHILDREN to play with the telephone.

DO NOT USE PROFANE OR OBSCENE LANGUAGE over the telephone.

ALL TOLL MESSAGES ARE CHARGED TO THE PHONE WHERE THEY ORIGINATE and the subscriber is responsible and must pay for all such messages.

Area Code And LATA Maps

Wisconsin Area Codes

Wisconsin LATA MAP

LATA

The geographic area within which Ameritech carries long distance calls is known as LATA (Local Access Transport Area). We also provide you with access to other long distance companies that will carry your calls from your LATA to other LATAs, both in Wisconsin and in other states. You will continue to dial all long distance calls exactly as you always have. The only change will be in how you are billed for each call. When you place a call to another LATA, the rates of another long distance carrier will apply to the call. Some carriers may elect to have Cirrinity bill you for their services, while others may bill you directly. **LATAs do not affect local calling areas.**

International Calls

How To Dial Most International Calls

Dialing Instructions

International calling is more convenient today than ever before. Calls can now be dialed to many overseas countries by customers throughout the United States. The following instructions are for placing international calls.

Station-to-Station Calls

To dial international calls, dial in sequence:

1. The International Access Code — 011.
2. The Country Code — a two or three digit number.
3. The City Code — a one-to-five-digit number.
4. The local telephone number.
5. The “#” button — where telephone is equipped with Touch-Tone dialing.

For Example:

To place a dialed station call to Frankfurt, Germany, you would dial:

International Access Code		Country Code		City Code		
011	+	49	+	69		
	+	Local telephone number	+	#Button if Touch-Tone dialing*		

*Touch-Tone dialing saves additional time by using this step.

Dial the International Access Code (011 or 01) without pausing between digits. If you hesitate 3 seconds or more after dialing “0”, you’ll get your local operator.

Operator-Assisted Calls

To dial person-to-person, collect*, Calling Card and billed to a third number international calls, follow the dialing instructions given above but use “01” for the International Access Code. After the call is dialed, the Operator will come on the line to ask for information such as the name of the person you are calling or your Calling Card number.

After dialing any international call, allow at least 45 seconds for the ring to start.

*Certain countries will not accept collect calls.

Additional Assistance or Information

Dial “0” (Operator) if you need assistance:

1. To obtain a telephone number you don’t know
2. To obtain City Codes not listed in this directory
3. For help in completing a call
4. For credit on a call on which you had difficulty, e.g., reached a wrong number

Signals (ringing, number busy, etc.) in other countries often differ from those in the United States.

To Place a Call to the Bahamas, Bermuda, Canada, Puerto Rico and the Virgin Islands

Calls to these points and most other Caribbean points can be dialed in the same manner as long distance calls within the United States. Simply dial “1” plus the appropriate Area Code and the local number. Calls to international points are subject to international rates.

International Dialing for Mexico

The Mexico Country Code (52) will be followed by the 10-digit number. For those locations with new 2-digit area codes (Mexico City, Guadalajara, Monterrey), the new codes will be placed in front of the current 8-digit local number. For locations with new 3-digit area codes, the first digit of the current 8-digit local number will be removed and the new 3-digit area code will be added to the shortened 7-digit local number.

Ex.: Prefix + Country Code + Area Code + Local

- **Mexico City:** Dial 011 + 52 + 55 + 5XXX-XXXX.
- **Guadalajara:** Dial 011 + 52 + 33 + 5XXX-XXXX.
- **Monterrey:** Dial 011 + 52 + 81 + 5XXX-XXXX.
- **Rest of Mexico:** Dial 011 + 52 + 744 + 848-XXXX.

Country and City Codes

Bold number following Country name is Country Code; Bold number following City name is Routing Code; Number under "TD" is Time Difference. Dial (0) Operator for additional Country/City listings. *City Codes not required; **Do not dial the "011" when calling from North America.

WARNING

HANDLING NUISANCE OR OBSCENE TELEPHONE CALLS—If you receive a nuisance or obscene call, hang up gently. Show no emotion. A person who places such calls is usually hoping for an emotional reaction from you. Such a reaction will be likely to encourage the caller, but **gently hanging up will tend to discourage the caller.**

Remember, you are in control of your phone. Use the phone on your terms, and do not talk to anyone unless **you** want to. Don't answer any personal questions or give your name or phone number to any unidentified caller.

If you receive threatening calls, contact your local law enforcement agency immediately.

Wisconsin Statute 943.45

OBTAINING TELECOMMUNICATIONS SERVICE BY FRAUD. Whoever with intent to defraud or attempts to obtain telecommunications service by any of the following means may be fined not more than \$10,000 or imprisoned not more than two years, or both:

1. Charging such service to an existing telephone number or credit card number without the consent of the subscriber thereto or the legitimate holder thereof.
2. Charging such service to a false, fictitious, suspended, terminated, expired, cancelled or revoked telephone number or credit card number.
3. Rearranging, tampering with or making connection with facilities or equipment.

Nuisance Calls

Wisconsin law (Statute 947.01) provides that whoever "with intent to annoy another, makes a telephone call, whether or not conversation ensues" may be fined not more than \$500 or imprisoned not more than 6 months.

CIRRINITY

Is your total integrated communications solution provider.

- Business Phone Systems
- Data Services
- Voice Mail
- Caller ID
- Internet/Web Pages

Custom Calling Features

Call the Business Office at 715-253-2111 to establish Custom Calling Features. There is an additional monthly charge for each.

NOTES ON CALL FORWARDING: When any form of Call Forwarding is active on your line, you will be billed for any calls which are forwarded from your telephone to a telephone outside your local calling area. Your caller will be billed for a call to your telephone. You will be billed for the call forwarded from your telephone to a distant phone.

CALL FORWARDING

This feature lets you transfer all your incoming calls to any telephone you can dial direct without Operator assistance.

HOW TO USE IT:

1. On a touch-tone phone, press *72, then wait for a dial tone.
2. Dial the number that will be accepting your calls. The dialed number will ring. Call Forwarding is activated when someone answers.
3. If the line is busy or no one answers, hang up and repeat the first two steps. No answer is required to establish Call Forwarding on the second attempt.

HOW TO CANCEL IT: *

1. On a touch-tone phone, press *73.
2. Listen for two “beeps” and a dial tone.

*While your calls are being forwarded, your telephone will ring briefly each time your number is dialed. You cannot answer the calls, but the ring serves as a reminder that Call Forwarding is still active.

CALL FORWARD BUSY

This feature transfers an incoming call only if your line is busy.

HOW TO USE IT:

1. Lift the handset and listen for dial tone.
2. Press *90 on a touch-tone phone, then listen for the special tone.
3. Dial the number you want to forward your calls to. Call Forward Busy is established when someone answers. If no one answers or the line is busy, repeat steps 1 and 2 within two minutes and you will hear two “beeps” signaling you that Call Forward Busy is active.

HOW TO CANCEL IT:

1. Lift the handset and listen for dial tone.
2. Press *91 on a touch-tone phone, then listen for two “beeps.”

CALL FORWARD NO ANSWER

This feature transfers an incoming call only if your line is not answered after a set number of rings.

HOW TO USE IT:

1. Lift the handset and listen for dial tone.
2. Press *92 on a touch-tone phone, then listen for the special tone.
3. Enter the number of rings you want allowed before the call is forwarded (2-9) immediately followed by the number you want your calls forwarded to. When someone answers, Call Forwarding is activated. If no one answers, or the line is busy, hang up and repeat steps 1 and 2 above. If you do so within 2 minutes, you’ll hear two “beeps” signaling you that Call Forwarding is active.

HOW TO CANCEL IT:

1. Lift the handset and listen for dial tone.
2. Press *93 on a touch-tone phone, then listen for two “beeps.”

Custom Calling Features (Cont.)

CALL WAITING

It signals you when someone else is calling when you're using your telephone. You will hear a beep tone. The calling party hears only normal ringing.

HOW TO USE IT:

1. If you hear a beep and want to end the first call, hang up. Your telephone will immediately ring with the second call.
2. If you want to "hold" the first call and answer the second, press and release the receiver button quickly. The first call will be put on "hold" and you will be connected to the second call.
3. To return to the first call, press and release the receiver button again. You can switch back and forth between the two calls as often as you want.

CANCEL CALL WAITING

This feature allows you to deny your Call Waiting signal for the duration of one call.

HOW TO USE IT:

BEFORE MAKING A CALL

1. Press *70 on a touch-tone phone.
2. Dial the number you wish to call.

DURING A CALL*

1. Place your call on "hold" by pressing the receiver button for approximately 1 second.
2. Listen for regular dial tone and enter the activation code.
3. Press *70 on a touch-tone phone.
4. Listen for a special "beep-beep" tone. Press and release the receiver button quickly and return to your call.

*To activate Cancel Call Waiting while you are on a call, you must have Three-Way Calling on your line in addition to Cancel Call Waiting.

THREE-WAY CALLING

This service lets you add a third party to your existing conversation. Three-Way Calling can be used whether you have received or placed the first call.

HOW TO USE IT:

1. Press and release the receiver button to place your call on "hold." You will hear three beeps, then dial tone.
2. Dial the third person's number. You can talk before including the original caller.

3. To begin the three-way call, press and release the receiver button. All three parties will be on the line. (If the line is busy or there is no answer, you can return to the original call by pressing and releasing the receiver button twice.)

NOTE: If the original party hangs up, you can add another third party by repeating steps 1, 2 and 3. To disconnect the third party, press the receiver button twice. Your line is then free to add a different third party by repeating steps 1, 2 and 3. All parties are disconnected when you hang up.

CALL TRANSFER**

This feature allows you to transfer a call to another person or add a third party to an existing conversation.

HOW TO USE IT:

1. Depress the receiver button for about one second, placing the first person on "hold."
2. Listen for the dial tone.
3. Dial the third person to whom you want to transfer. (Speed Calling codes may be used.)
4. When this person answers, you may hold a private conversation with them before making the connection between the two people. If you can not complete the call to the third person, press the receiver button twice to get back to the person you have on "hold."
5. To connect the two and disconnect yourself, simply hang up.
6. To form a three-way call, press the receiver button for about one second to add the person you have on "hold." You may drop out of the conversation at any time and the other two parties will still be connected. Either party may drop out and leave you connected to the other. To drop the third party, press the receiver button for one second and you will be left with only the first party.

**You must have Three-Way Calling on your line to use Call Transfer. Any long distance calls you originate to three-way call or transfer will be billed to you.

Custom Calling Features (Cont.)

SPEED CALLING

This service lets you call frequently called numbers by dialing only one or two digits. Speed Calling is available in either 8 or 30 number capacities. These numbers can be local or long distance.

HOW TO USE IT:

1. Select a one-digit code (2 thru 9) for Speed Calling 8 or a two-digit code (20 thru 49) for Speed Calling 30.
2. Dial 74 for Speed Calling 8. Dial 75 for Speed Calling 30. Then depress the # button (with a rotary dial phone, skip this step and allow a 4 second pause). Listen for dial tone.
3. Dial the code you have selected followed immediately by the telephone number as you would dial it normally. Be sure to include the Area Code of any long distance numbers. Then depress the # button. (With a rotary phone, replace the # button with a 4 second pause.) Two beeps will confirm your entry.
4. To call numbers selected for Speed Calling, simply dial the one-or-two digit code you have selected followed by the # button.

Check Out These Custom Calling Features Offered By Your Local Telephone Company:

- Call Forwarding
- Caller ID
- Call Waiting
- Voice Mail
- Last Number Redial
- Three Way Calling
- Automatic Call Back
- Speed Calling

CLASS* Features

This “receptionist” is built right into your telephone. Call the Business Office to establish CLASS services. There is an additional monthly charge for each.

CALLER ID

This feature allows you to see the telephone number of the incoming call on a display unit or telephone before you pick up the receiver.

HOW TO USE IT:

1. You need a Caller ID compatible add-on display unit or telephone.
2. As your telephone rings, look at the display to see the telephone number of the party who is calling.
3. Different equipment has different memory capabilities. Some have virtually no memory while others log callers even if the calls go unanswered. Equipment should be chosen according to your needs.

CALLER ID BLOCKING

This capability keeps your telephone number from appearing on anyone’s Caller ID display.

HOW TO USE IT:

1. Pick up your receiver and listen for dial tone.
2. If you have a touch-tone phone, press *67, followed by the number you are calling.
3. The Caller ID unit will display “P” or “Private” rather than your telephone number.

CALL RETURN

This feature enables you to call your last caller.*** If you have Call Waiting on your line and you choose not to answer it, you may use this feature to call back that caller who beeped in.

HOW TO USE IT:

1. Pick up the receiver and listen for dial tone.
2. From a touch-tone phone, press *69.
3. Listen for a recording to tell you which number called and then choose whether or not you would like to place a call to that number.
4. If you would like to place the call, press or dial “1.” If you do not want to return the call, hang up.

***If the calling number was blocked to Caller ID, the recording will tell you the number was marked as “Private,” however, your Call Return feature will be able to call back the number without you knowing what it was.

AUTOMATIC CALLBACK *66

WARNING

Harassment by Telephone

The law defines harassment by telephone as the use of telephone communication for any of the following purposes:

Making any lewd or indecent comment or request with intent to offend; making one or repeated telephone calls, whether or not conversation occurs, with intent to abuse, threaten or harass; causing the telephone of another to ring repeatedly with intent to harass; knowingly allowing any telephones under one's control to be used for any of the above. The law provides a penalty of up to six months in jail and/or a \$500 fine.

If you receive obscene, harassing or threatening calls:

Hang up at the first obscene word or if the caller doesn't say anything the second time you say hello. Give no information such as your name and address until the caller has been identified. Advise your children and guests not to give out any information to strangers. If you're not home, they should say, "They can't come to the phone right now, may I take a message?"

Fraudulent Calls

It is illegal for another person to charge long distance calls to your number or calling card without your permission. State law provides that no person shall defraud or attempt to defraud the telephone company of its lawful charges. Violators, upon conviction, are subject to imprisonment and/or a fine.

Unlawful Wiretapping

Wiretapping or any interception of a phone call without prior consent is a crime under both federal and state laws. The law requires consent of all parties to the call. Properly authorized federal agents may intercept a call without consent only under appropriate court order. Penalties for illegal wiretapping can be imprisonment and/or a fine.

Recording Telephone Conversations

It is against federal and state regulations to record a phone conversation without the other party's knowledge. Recording of two-way conversations must feature a warning "beep" tone at 15-second intervals. If you hear this tone and don't want a record made of what you're saying, ask the person with whom you are talking to disconnect the recording machine. If you wish to record a conversation, your recording equipment must have a "beep" tone and meet registration requirements of the FCC. Use of a recorder without the "beep" tone is permitted in the case of emergency on lines of fire and police and other emergency-service agencies.

A STATEMENT OF NONDISCRIMINATION

Cirrinity is the recipient of Federal financial assistance from the Rural Utilities Service, an agency of the U.S. Department of Agriculture, and is subject to the provisions of Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1975, as amended, and the rules and regulations of the U.S. Department of Agriculture which provide that no person in the United States on the basis of race, color, national origin, age or handicap shall be excluded from participation in, admission or access to, denied the benefits of, or otherwise be subjected to discrimination under any of this organization's programs or activities.

The person responsible for coordinating this organization's nondiscrimination compliance efforts is Al Mahnke, Vice-President & Chief Executive Officer. Any individual, or specific class of individuals, who feels that this organization has subjected them to discrimination may obtain further information about the statutes and regulations listed above from and/or file a written complaint with this organization; or the Secretary, U.S. Department of Agriculture, Washington, D.C. 20250; or the Administrator, Rural Utilities Service, Washington, D.C. 20250; or the complaints must be filed within 180 days after the alleged discrimination. Confidentiality will be maintained to the extent possible.

Wisconsin Relay Makes Telecommunications Accessible for Nonstandard Phone Users

What is Wisconsin Relay?

Wisconsin Relay is a free, completely confidential 24-hour public service that makes the use of the telephone possible and a better experience for many thousands of citizens and visitors of the state who are deaf, hard of hearing, deaf-blind, speech-disabled, and hearing.

How does Wisconsin Relay work?

The person dials the toll-free Wisconsin Relay number and gives the communications assistant (often abbreviated as the CA) the area code and number of the person receiving the call. An example of a Wisconsin Relay service is a highly trained CA who voices the typed comments by the TTY (text telephone) user and types the spoken comments by the other person back to the TTY user. Wisconsin Relay provides several options to meet the needs of people who do not use the standard telephone.

How to connect to Wisconsin Relay

Dial: 7-1-1 *	Voice Carry-Over: 1-877-490-3724
TTY: 1-800-947-3529	Hearing Carry-Over: 1-800-947-3529
Voice: 1-800-947-6644	Speech-to-Speech: 1-800-833-7637
ASCII: 1-800-267-8867	Spanish-to-Spanish: 1-800-833-7813
	Spanish-to-English: 1-877-490-3723

* Some buildings with a PBX telephone system (often in hotels and offices that have extension numbers) make reaching 7-1-1 not possible. The above 800 numbers can be dialed when not able to get through to 7-1-1.

CapTel®—a free captioned phone service

CapTel, short for captioned telephone, users place calls in the same way when dialing with a standard telephone. Utilizing voice recognition technology that displays verbatim captions of the conversation on screen of a telephone or computer screen, the CapTel user can hear and read what the other person is saying.

How do I apply for specialized telephone equipment?

The Telecommunications Equipment Purchase Program (TEPP) provides qualified applicants (proof of a disability that makes using a standard telephone difficult or impossible) with vouchers to purchase assistive telephone equipment. A person can apply for a voucher by visiting www.wisconsinrelay.com/tepp or calling 1-800-251-8345 (TTY in state only) or 1-608-231-3305 (Voice).

Learn more about Wisconsin Relay

CapTel Customer Service: 1-888-269-7477 (Voice/CapTel/TTY)
CapTel Spanish Customer Service: 1-866-670-9134 (Voice/CapTel/TTY)
Sprint TTY Operator Service: 1-800-855-4000

Services supported by surcharge

A few cents per telephone bill surcharge makes Wisconsin Relay services possible for the citizens of Wisconsin. Sprint is the provider of the relay services for Wisconsin.

7-1-1 is not an emergency number

Some people might assume it is okay to call 7-1-1 for emergencies. The 7-1-1 Wisconsin Relay number is for relay service calls only. The Americans with Disabilities Act (ADA) requires that 911 centers be prepared to handle emergency calls from people who use the text telephone. Wisconsin Relay will make every effort to assist a person during an emergency but cannot serve in the same function as 911 centers. Wisconsin Relay does not assume responsibility for handling emergency calls.

Battery Back-up Notice for Fiber Customers

Cirrinity advanced fiber based services require backup battery power to continue functioning during a power outage. To avoid a disruption of voice (telephone) service during an outage – and to maintain the ability to call 911 emergency services Cirrinity provides a backup battery system during the installation of all services that are delivered on our advanced fiber network.

What the Battery Can – and Can't – Do for You:

Cirrinity backup batteries allow you to continue to use your voice services up to 8 hours during a power outage. Without a backup battery or alternate backup source such as a generator, customers will not be able to make any calls, including emergency calls to 911 during a power outage. The only way to maintain the ability to use your phone during a power outage is by the use of our battery and a regular telephone or POTS phone. Our backup battery does not provide power to any services other than voice nor does it allow for the use of cordless telephones during a power outage. Home security systems, medical monitoring devices, electronic phones and other equipment will not run on our backup battery.

Purchase and Replacement Options:

The backup battery provided by Wittenberg Telephone at no charge, will last up to 8 hours during a power outage and will recharge automatically once power has been restored. The backup battery provided is monitored and maintained by Wittenberg Telephone. If you are concerned about being able to contact 911 emergency services during a power outage that lasts longer than 8 hours, a large capacity, 24-Hour backup battery may be a good option for you. These batteries are available from Cirrinity at an additional charge. If you have any questions or simply want to purchase a 24-hour backup battery through us, please call 715-253-2111. Our 24 hour backup batteries cost approximately \$120.00 and can be shipped directly to your house, or be picked up at our business office. If you do not feel comfortable installing your own battery, please call us to make an appointment, and we would be happy to assist you. However, please note that there may be a charge for this service.

A second option for increasing runtime during an outage would be installing a UPS system. These systems are available online and in many retail office supply stores. The number of runtime hours provided would be dependent on the capacity of UPS system purchased. Instructions for installing a UPS may be obtained by calling our office. UPS installation service is also available from Wittenberg Telephone.

Any further questions or concerns please contact our office at 715-253-2111.

Facsimile (FAX) Machine

For Fast Transmission of Documents to the people who need to see them, and at an Economical Cost

FAX Transmits Documents Electronically over Telephone Connections. You can send virtually anything on paper—Memo's, Reports, Drawings, Proposals, etc., around the corner or around the world by FAX, your documents ZIP to their destinations almost instantly and the FAX lets you keep your original as a written record of your message.

Cirrinity has a FAX machine available to the public. It is available during regular business office hours for your use.

Prices for the service are as follows:

Transmitting	First Page	Additional Pages
Letter Size	\$1.50	\$1.00
Legal Size	\$1.75	\$1.25
Receiving	50¢	50¢

**Above prices include cost of toll charge.*

Local Service and Extended Community Calling (ECC)

WITTENBERG

AREA CODE 715/534

EXCHANGE CODE 253

Zip Code 54499

LOCAL SERVICE TO BOWLER - ELDERON - TIGERTON

Extended Community Calling (ECC) to

Rosholt-Birnamwood-Hatley-Mattoon

ELDERON

AREA CODE 715/534

EXCHANGE CODE 454

Zip Code 54429

LOCAL SERVICE TO WITTENBERG - WAUSAU - HATLEY

Extended Community Calling (ECC) to

Bowler-Rosholt-Tigerton-Stevens Point-Birnamwood

- ~ Be sure to wait for a dial tone before making a call.
- ~ Dial all ten numbers for any ECC call and local call.

5 WAYS TO HELP YOURSELF TO BETTER SERVICE

1. Make sure of the number you are calling.
2. Give the party you are calling time to answer.
3. Speak distinctly and directly into the mouthpiece.
4. Replace receiver carefully when finished talking.
5. Identify yourself when you call or answer.

If you have a Touch-Tone phone, be careful not to push two buttons at the same time, or push them too lightly. This will prevent your call from being completed.

Lifeline and Link-Up Program

The Lifeline/Link-Up program is a telecommunications discount program authorized by Congress under the Telecommunications Act of 1996. The Act reiterated the idea of “universal service”—that local telephone service must be made available and affordable to all Americans.

The current Lifeline program can help low-income customers save dollars on their telephone bills by reducing monthly phone charges for income-eligible customers.

The Link-Up program is designed to help those without telephone service get onto the telephone network by waiving local telephone connection charges.

Eligible customers can save at least \$7.00 a month under the Lifeline program. A higher credit will be issued if needed, so that a customer pays no more than \$15.00 a month for the following services:

- A single party residential line
- Touch-Tone service
- 9-1-1
- Federal subscriber line charge (SLC)

Lifeline plan is ONLY for households with one phone line.

The Link-Up program is designed to provide eligible individuals with a waiver of all charges normally associated with local telephone service connection and installation charges. These charges are for new service installation, for moves from one residence to another or re-connection of an existing service.

Eligible customers must be a household that receives benefits from any of the following programs:

- Wisconsin Works or W2
- Medical Assistance (MA)
- Supplemental Security Income (SSI)
- Food Stamps
- Low Income Housing Energy Assistance Program (LIHEAP)
- WI Homestead Tax Credit
- Badger Care

**For Questions regarding Lifeline or Link-Up
or to apply, contact your local Telephone Company.**

This program is administered by the Universal Service Administrative Company (USAC), a not-for-profit corporation overseen by the FCC to ensure that the benefits of Universal Service reach communities across the country. Qualifications for participation in the Low Income Program vary by state, so contact your local telephone company or state Public Utilities Commission for more information.
